MORE THAN FURNITURE

Creating is our Love language

ES Nuestra historia empieza hace 10 años cuando explorando el sector del baño e interiorismo, nos dimos cuenta que había muchas cosas que los interioristas y decoradores utilizan para hacer del baño un espacio tan esencial como agradable en nuestro hacer diario.

Inspirados por este principio fuimos construyendo, a través de los años, el alma de Bonalife Bath. Diseñamos y creamos nuestros productos buscando la diferenciación en el propio producto y a su vez en una ambientación equilibrada en la distribución y en la luz del baño para que el cliente reconozca un estilo nuevo y lo personalice él mismo.

FR Notre histoire commence il y a 10 ans lorsque, en explorant le secteur de la salle de bains et de la décoration d'intérieur, nous nous sommes rendu compte que les architectes d'intérieur et les décorateurs utilisaient de nombreux éléments pour faire de la salle de bains un espace aussi essentiel qu'agréable dans notre vie quotidienne.

C'est en nous inspirant de ce principe que nous avons construit, au fil des années, l'âme de Bonalife Bath. Nous concevons et créons nos produits en recherchant la différenciation dans le produit lui-même et en même temps dans une atmosphère équilibrée dans la distribution et la lumière de la salle de bains, de sorte que le client reconnaisse un nouveau style et le personnalise lui-même.

EN Our story begins 10 years ago when, while exploring the bathroom and interior design sector, we realized that there were many things that interior designers and decorators use to make the bathroom a space that is as essential as it is pleasant in our daily lives.

Inspired by this principle we built up, over the years, the soul of Bonalife Bath. We design and create our products looking for differentiation in the product itself and at the same time in a balanced atmosphere in the distribution and light of the bathroom so that the customer recognizes a new style and personalizes it himself.

ES De este modo creamos vínculos con nuestros clientes y captamos mejor aquello que necesitan y sueñan. Esto nos permite, asimismo, dejar en cada proyecto nuestra esencia e identidad.

Sobre estas premisas nos adaptamos a las necesidades de cualquier hogar y por ende llegamos a tener el mueble "a medida" como un pilar fundamental de nuestro trabajo diario.

Por esta razón y gracias al equipo humano de Bonalife, podemos decir que nuestra atención al cliente y nuestro proceso de fabricación son únicos.

FR De cette manière, nous créons des liens avec nos clients et capturons mieux ce dont ils ont besoin et ce dont ils rêvent. Cela nous permet également de laisser notre essence et notre identité dans chaque projet.

Sur ces principes, nous nous adaptons aux besoins de n'importe quelle maison et, par conséquent, le mobilier "sur mesure" est un pilier fondamental de notre travail quotidien.

Pour cette raison et grâce à l'équipe de Bonalife, nous pouvons dire que notre service à la clientèle et notre processus de fabrication sont uniques.

EN In this way we create bonds with our customers and better capture what they need and dream of. This also allows us to leave our essence and identity in each project.

Under this premises we adapt to the needs of any home and therefore to have the "made to measure" bath furniture as a fundamental pillar of our daily work.

For this reason and thanks to the Bonalife team, we can say that our customer service and our manufacturing process are unique.

The background of the page is a soft-focus photograph of a field. In the foreground, several purple flowers, possibly asters, are visible on thin green stems. The background is a warm, golden-yellow color, suggesting a sunset or sunrise. The overall mood is peaceful and natural.

Love Nature

ES Desde Bonalife estamos comprometidos 100% a cuidar del entorno y el medio ambiente. El desarrollo sostenible está marcado dentro de nuestra filosofía como un referente constante.

El Ecodiseño, es otro de nuestros pilares, ya que analizamos los productos desde su base y su función para definir acciones que puedan reducir su carga medioambiental. Como por ejemplo, los embalajes entre otros, que cuentan con un 60% de material reciclado.

FR Chez Bonalife, nous sommes engagés 100% à respecter l'environnement. La durabilité de la planète est inscrite dans notre décalogue comme un objectif permanent.

L'éco-conception est un de nos piliers, puisque nous analysons les produits à la base et dans leur fonction pour définir les actions pouvant réduire leur préjudice environnementale. Entre autres, les emballages, qui contiennent 100% de matériaux recyclés.

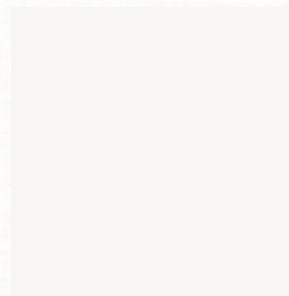

EN At Bonalife we are 100% committed to taking care of the environment. Sustainable development is marked in our philosophy as a main reference.

Eco-Design is another of our pillars since we analyze products from their supply base to their perform to define actions that can reduce their environmental burden. Among others such as packaging, which have 60% recycled material.
